BOARD OF SUPERVISORS

Navajo County

HOLBROOK, ARIZONA 86025

DOROTHY J. LEAVITT
CLERK

NELDA G. HUNT
DEPUTY CLERK

RESOLUTION R - 76 - 77 - 2

WHEREAS a petition signed by ten resident taxpayers of Navajo County has been presented to the Board of Supervisors of Navajo County requesting the board to establish as a County highway that certain access road in the Hopi Industrial Park, Winslow, Arizona leading from the railroad overpass connection to U. S. 66 Highway and

WHEREAS Nathan C. Begay, as acting Superintendent, Hopi Agency, Bureau of Indian Affairs, Department of the Interior, has heretofore executed an easement for a public road across and upon a strip of land 100 feet in width in aforesaid Hopi Industrial Park to the Bureau of Indian Affairs, Department of the Interior and which is recorded in Docket 463, pages 723 through 730, Navajo County records and

WHEREAS the Bureau of Indian Affairs, Department of the Interior has assigned its rights in and to the aforesaid easement, to Navajo County by instrument recorded in Docket 463, pages 719 through 722, Navajo County records now

THEREFORE the Board of Supervisors of Navajo County do hereby establish as a County highway, in accordance with Arizona Revised Statute 18-201, the roadway hereinabove referred to and as shown by map of right of way and alignment location recorded in Docket 463, pages 719 through 722.

Dated this 20th day of July, 1976.

RESOLUTION

Through proper research and study of various properties without proper access and which are surrounded by U. S. Forest Land, it is hereby resolved that existing access across the Forest Land to these properties is a public necessity to provide for the safety, health and welfare of the individuals involved and provides a needed service for the only method of access to said property.

IT IS THEREFORE RESOLVED, that said existing access roads are a public necessity and eligible for County acceptance of a U.S. Forest Service Use Permit on an individual basis of need and upon satisfaction of the following:

1. WHEREAS, said access roads are not a part of the platted functional highway system, it shall be required that each individual so effected shall appear before the Board and petition for the eligibility of their road for a County accepted Use Permit.
2. Upon agreement by the Board that said existing access road is eligible for acceptance for a Use Permit, the applicant shall meet with the Forest Ranger, obtain an Use Permit application, prepare said application (for County signature) as directed and required by the Forest Service for submission to the County Engineering Department. All expense incurred for the preparation (surveying, mapping, reconstruction and so forth) shall be at the applicants expense, no cost will be incurred by the County.
3. After the Board deems the existing access route eligible and prior to signing of the Use Permit, the County Engineering Department shall inspect the road and supply a written report to the Board. All roads to be accepted shall comply to minimum safety requirements and signing needs. Any work and signs required to bring the roads up for minimum requirement shall be at the expense of the applicant and shall be completed prior to the signing of the Use Permit.
4. Said access road shall not be eligible or considered for maintenance by Navajo County unless an agreement is signed with the Board, whereby the applicant is signed with the Board, whereby the applicant agrees to pay for all work on a work for other basis.
5. Should the applicant fail to provide the required funds for maintenance, or fail to provide satisfactory maintenance of his own as required by the Forest Service Special Use Permit, the permit between Navajo County and the Forest Service will be terminated, and the applicant will have to deal directly with the Forest Service.

L. A. PALMER
Chairman of the Board of Supervisors
Navajo County, State of Arizona
